

Pipe Fitting Charts for Steam Hot Water; Also Galvanized Iron Piping for Fan and Indirect Systems (Paperback)

By William Gage Snow

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1912 Excerpt: .is indicated. Fig. 150 serves to show the clearness with which the arrangement of all apparatus and piping may be shown in one view by means of an isometric drawing. By this method the horizontal lines of an object are drawn to scale at an angle of 30 degrees with the horizontal. The vertical lines of the object are so indicated on the isometric drawing, also to scale. To fully represent by regular mechanical drawing a box 2X3X6 ft., for example, would require three views, plan, side or front and end elevations. It could be shown equally well if not better by an isometric drawing as illustrated in Fig. 158. To draw a circle isometrically, inscribe it in a square the sides of which are of the same length as the diameter of the circle, then connect the points midway of the length of each side...
