Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The rapid failure and bankruptcy of Enron has prompted severe criticism of the nation s financial reporting and auditing systems, which are fundamental to maintaining investor confidence in U.S. capital markets. This report focuses on four areas in which the Enron failure revealed serious problems: corporate governance, the independent audit of financial statements, oversight of the accounting profession, and accounting and financial reporting issues. Effectively addressing these issues should be a shared responsibility between top management, boards of directors, various board committees, stock exchanges, the accounting profession, standard setters, regulatory/oversight agencies, analysts, investors, and Congress.
