Daniel Osorio, United States, 2007. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.With an impending economic crisis looming on the horizon and a record number of natural disasters occurring consecutively, some believe that these tragic events are no accident. In the tradition of Nostradamus comes the new book by Daniel Osorio, *The Wrath, The Return, The Truth: Judgment has begun*, illuminating the events of today and the future using passages in the Bible. In 1996, after many years of struggling with diabetes, Daniel Osorio lost his ability to see. It was only after his vision was completely gone that Osorio began receiving messages in his dreams. Osorio approaches his subject with full comprehension of the denial and rejection that could await his predictions, but he also continuously makes a rational plea to the reader for open-mindedness. He writes, If what I provide was written under false pretenses and will never happen, then readers will have lost nothing. But if what I present comes from the truth and readers reject it, the consequence is that they will definitely lose everything. *The Wrath, The Return, The Truth: Judgment has begun* covers topics ranging from natural disasters to the economy to the time of the Antichrist's appearance and of his deceptions. Osorio asserts that those who live in New York should take particular note of his discourse, since his visions are specifically related to the city's fate in the end of times. Will New York City, and indeed the entire world, be prepared for what is to come? Find out as you join Osorio on an introspective and spiritual journey to make peace with the past and summon hope for a better future. About the Author Daniel Osorio was born...
