KEYSTROKE BIOMETRIC STUDIES ON SHORT AND LONG INPUT INCLUDING NUMERICS

LAP Lambert Academic Publishing Nov 2014, 2014. Taschenbuch. Book Condition: Neu. 220x150x11 mm. Neuware - A keystroke biometric system was enhanced to capture raw keystroke data directly from an individual s computer system using an open source key logger originally designed for software testing. The key logger runs in the background capturing keystrokes directly from the operating system requiring no additional capture software, text entry window, or edit box for input. This allows the freedom to generate unrestricted entry from...
